

## **BERNINA** Embroidery Club – October 2024 Fleece or Sweatshirt Garment Supply List

During this class we will embroider on a fleece or sweatshirt garment to learn the necessary stabilizing techniques to prevent stretching and keep stitches from sinking into the garment. As there are different types of fleece, it's always a good idea to test the embroidery if a scrap piece of similar fleece is available. (Sweatshirt material is more consistent than fleece.) When picking your own design, you should consider the effects of size and density on the fleece. If the size is small or the details are very intricate, the design may be lost in the fleece. If the stitch density is extremely dense, it may become very stiff.

Please review this supply list and bring the requested items to class.

**Garment** – Fleece vest or jacket. If you prefer, a sweatshirt garment may be substituted.

### **Stabilizers:**

- OESD Poly Mesh cut away – to fit medium hoop.
- OESD StitchH20 – to fit medium hoop.
- OESD Ultra Clean and Tear or Medium Weight (whatever you have – to fit medium hoop. We will use this to make a template.

**Isacord Threads:** Threads depend on which design you choose to stitch. Be creative. You can choose thread colors from your supply.

Bloom Where You're Planted – colors listed are from the design. Sample substituted some colors that fit the description.

- 5515 - green
- 5510 - green
- 0020 – black
- 3971 – gray (sample used pale blue so it would be seen)
- 0704 – yellow
- 2762 – lavender
- 2711 – purple

- 2020 – red
- 0600 – yellow

Quilted Sunflower – requires one thread color, your choice.

**Bobbin thread** – Serelene

**Needle** – Depending on the fleece you may want a Jersey or Ballpoint 80/12. You can also use Microtex 80/12.

**Embroidery machine** – bring your machine, module, cords, foot control, etc.

**Feet** - #26 (embroidery).

**Hoop** – Medium.

**Stitch plate** – Single-hole 0mm (if you have one) and regular

**Other:**

Thread snips  
Rotary cutter  
Ruler  
Flash Drive

Tweezers  
Fabric marker that will show  
Pen or pencil to mark on stabilizer  
Scissors to trim corners
