

Supply List—Aprons, Aprons, Aprons—Holiday

-Pattern: **Hipster Apron Pattern by Mary Mulari Designs** or
Reversible Apron Pattern by Mary Mulari Designs

Both patterns are available at The Old Country Store. They are very similar, but the Reversible Apron Pattern includes a pattern for monogram letters.

-basic sewing supplies: matching thread, fabric scissors, craft scissors, rotary cutter, ruler, tape measure, bodkin or other fabric turning tool, pins, pencil, sharpie marker

- fabric for the aprons you are planning to make

-supplies and notions as detailed for each pattern that you intend to use.

You will need to trace the pattern onto a large piece of paper prior to using it. I will have the traced patterns in class if you plan to cut out your apron at that time.

I will also have tracing paper that you can purchase from me for a small fee.

If you plan to make more than one apron in class, you will find that cutting out your fabric ahead of time will be useful.
