MIX AND MATCH
CAKE DASH

INSIDE OUT
CAKE DASH

A

Make both of these small throw size quilts at the same time with one layer cake + background fabric!

Cont.

***Note:**

1) If cutting from stash, I prefer to cut my “layer cake” blocks 9” x at least 10 ½”. Then, you can simply sub cut your strips all going the same direction. The 9” length (instead of 8 ½” as the pattern instructs) will also allow you to easily square up your blocks to 8 ½”.

2) If you plan to do the Inside Out version which yields two quilts in the reverse of each other, I recommend purchasing an additional ¼ - ½ yard of your background fabric. Then, simply cut 9” WOF strips, and then sub cut the 2 ½” and 1 ½” strips. Again, this will allow you to easily square your blocks to 8 ½”. If you have a Stripology ruler, it makes cutting the sub cuts quick and easy.
